- Patient may be responsible for comprehensive eye exam procedure if no medical diagnosis is found. In addition, patient may be responsible for the refraction (the procedure to determine your eyeglass prescription), which is often a non-covered procedure by most insurance companies but is required by NJ law as part of a comprehensive eye exam.
- Patient may be responsible for Optomap imaging if no medical diagnosis is found or if it is not covered by insurance.
- Payment is expected when services are rendered and when eyeglasses and/or contact lenses are ordered.
- In order to submit an insurance claim, we must have your authorization to release medical information to your insurance carrier(s). You are responsible for any coinsurance and/or deductibles, as well as any non-covered services.

I authorize the release of any medical and other information necessary to process my insurance claims. I also authorize payment of medical benefits to Dr. Darryl R. Voight, OD, PC. This authorization applies to all occasions until it is revoked.

CONTACT LENS WEARERS
A contact lens is a medical device, and all contact lenses must be properly fitted and prescribed by an Eye Care Professional.
Your contact lens prescription is valid for 1 year, and requires an annual eye examination and annual contact lens health evaluation ($59) in order to be refilled. This $59 charge is typically not covered by any insurance plans, but is required to monitor my eye health and condition of my contact lenses.
It is my understanding that improper use and inadequate care of contact lenses prescribed for me can possibly lead to eye irritation, infections, corneal injury and permanent vision loss. **Initial** ____
